**This paper is appendix to earlier paper named “Carbon Based Gases in Our Atmosphere” Accepted on 09 Nov., 2025, Published in Volume 11 ~ Issue 11 (November 2025) pp: 32-34 [www.questjournals.org](http://www.questjournals.org)**

Water of Saraswati River is currently going underground near Joshi math (Mana village), Uttarakhand, India. Over the surface flow of waters of Saraswati River must be re- instated. A study to find out such other cases must be undertaken & action to stop loss of waters of such other rivers & important water bodies of the world must be taken.
